UMass Boston

The Department of Nursing invites applicants to join our diverse college beginning September 1, 2016. We seek applicants for tenure-track and tenured positions, as well as for fulltime clinical non-tenure-track positions. Rank and salary are dependent on qualifications and experience.

Tenure-Track and Tenured Faculty Positions: Applicants must have an earned research doctorate (PhD in nursing is preferred), and must be eligible for RN licensure in Massachusetts. Teaching experience in higher education is required. Applicants must have a developing or established program of research; evidence of external funding is highly preferred. We are particularly interested in faculty who will strengthen our research, teaching, and service initiatives in the following nursing specialties: Medical-Surgical, Adult/Gerontology, Community Health, Health Policy, Pediatric Health, Population Health and Research. We are looking for candidates who are dedicated to teaching a diverse student population in an urban setting and are interested in integrating nursing research, policy, and practice in the context of health disparities toward health equity. Our current teaching needs are in the undergraduate, graduate and doctoral (PhD and DNP) programs.

Clinical Non-Tenure Track Faculty Positions: Applicants must possess an earned practice or research doctorate in nursing (DNP/PhD) and be eligible for RN and/or advanced practice licensure in Massachusetts. Teaching experience in higher education is required, and experience with online teaching is desirable; teaching experience in other settings will be considered. Preference will be given to applicants with peer-reviewed, practice-oriented scholarship. Our programs focus on health in urban populations of all ages and target improving health equity in populations at risk for healthcare disparities. We are particularly interested in candidates who will strengthen our college and teaching initiatives in the Nurse Practitioner, Clinical Nurse Specialist tracks, and Pediatric Nurse. Faculty will develop and evaluate curricula designed to reduce health disparities in chronic care in racially and ethnically diverse populations. Our current teaching needs are in the undergraduate and MS/Online Post-Master’s Certificate/DNP programs.

The College of Nursing and Health Sciences and its Office of Research offer strong internal and external mentoring programs for faculty, including assistance with grant proposal and manuscript preparation. Our faculty have interests in health promotion, and communicable and non-communicable disease prevention with a strong commitment to teaching a diverse student population in an urban setting. The College offers a wide range of multidisciplinary, collaborative research opportunities including with the College’s Department of Exercise and Health Sciences as well as major academic and medical institutions including the Dana-Farber/Harvard Cancer Center, Boston Children’s Hospital, the Massachusetts Department of Public Health, and community, public, and private healthcare agencies. A National Cancer Institute-funded grant between University of Massachusetts Boston and Dana-Farber/Harvard Cancer Center has strengthened and extended partnerships, PhD training, research and community outreach. We are developing new, exciting teaching and research opportunities with the addition of young and older populations to the College’s GO FWD (Fitness, Wellness & Development) Institute.

The BS, MS, and DNP nursing programs are accredited by the Commission on Collegiate Nursing Education (CCNE). The MS and DNP programs focus on preparing Family Nurse Practitioners, Adult/Gerontological Nurse Practitioners, and Adult-Gerontological Acute Care Clinical Nurse Specialists. The PhD nursing program has two tracks: Health Policy and Population Health. A joint or shared academic/clinical appointment with a healthcare institution is possible.

To Apply: Submit a letter of interest, curriculum vitae, evidence of teaching effectiveness, graduate transcripts, and names and contact information of at least three references using the appropriate link below.

For Tenure Track faculty: http://umb.interviewexchange.com/candapply.jsp?JOBID=64638
For Clinical Non-Tenure Track faculty: http://umb.interviewexchange.com/candapply.jsp?JOBID=64641
